This press release contains forward-looking statements within the meaning of the federal securities laws, including statements about the terms and size of the offering and the intended use of proceeds from the offering that represent the Company's expectations and projections for the future. No assurance can be given that the offering discussed above will be completed on the terms described or at all, or that the net proceeds of the offering will be used as indicated. Although these forward-looking statements are based on good faith beliefs, reasonable assumptions and the Company's best judgment reflecting current information, you should not rely on forward-looking statements since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond our control and which could materially affect our results of operations, financial condition, cash flows, performance or future achievements or events. Currently, one of the most significant factors, however, is the potential adverse effect of the current pandemic of the novel coronavirus, or COVID-19, on the financial condition, results of operations, cash flows and performance of the Company and its tenants, the real estate market and the global economy and financial markets. The extent to which COVID-19 impacts us and our tenants will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the scope, severity and duration of the pandemic, the actions taken to contain the pandemic or mitigate its impact, and the direct and indirect economic effects of the pandemic and

containment measures, among others. Moreover, investors are cautioned to interpret many of the risks identified in the risk factors discussed in our Annual Report on Form 10-K for the year ended December 31, 2019 and other SEC filings, as well as the risks set forth below, as being heightened as a result of the ongoing and numerous adverse impacts of COVID-19. Additional important factors, among others, that may cause our actual results to vary include the general deterioration in national economic conditions, weakening of real estate markets, decreases in the availability of credit, increases in interest rates, adverse changes in the retail industry, our continuing ability to qualify as a REIT and other factors discussed in the Company's reports filed with the SEC. Except as required by law, the Company assumes no obligation to update these forward-looking statements, even if new information becomes available in the future.
