The Notes have an Effective All-In Rate of 3.76% Inclusive of Prior Hedging Activity

BLOOMFIELD HILLS, Mich., Aug. 15, 2022 /PRNewswire/ -- Agree Realty Corporation (NYSE: ADC) (the "Company") today announced that its operating partnership, Agree Limited Partnership (the "Operating Partnership"), priced a public offering of \$300 million of 4.800% senior unsecured notes due 2032 (the "Notes"). The public offering price for the Notes was 99.171% of the principal amount for an effective yield to maturity of 4.904%. The Notes will be senior unsecured obligations of the Operating Partnership, guaranteed by the Company and certain of their subsidiaries. "This offering further demonstrates our ability to efficiently access the public bond market while increasing our liquidity, fortifying our balance sheet and positioning the Company for continued growth," said Peter Coughenour, Chief Financial Officer. "Taking into account the termination of our forward starting swaps, the Notes have an effective all-in interest rate of approximately 3.76% and extend our weighted-average debt maturity to approximately 8 years, excluding the unsecured revolving credit facility."

No assurance can be given that the offering discussed above will be completed on the terms described or at all, or that the net proceeds of the offering will be used as indicated. Although these forward-looking statements are based on good faith beliefs, reasonable assumptions and the Company's best judgment reflecting current information, you should not rely on forward-looking statements since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond our control and which could materially affect the Company's results of operations, financial condition, cash flows, performance or future achievements or events. Currently, one of the most significant factors, however, is the potential adverse effect of the current pandemic of the novel coronavirus, or COVID-19, on the financial condition, results of operations, cash flows and performance of the Company and its tenants, the real estate market and the global economy and financial markets. The extent to which COVID-19 impacts the Company and its tenants will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the scope, severity and duration of the pandemic, the actions taken to contain the pandemic or mitigate its impact, and the direct and indirect economic effects of the pandemic and containment measures, among others. Moreover, investors are cautioned to interpret many of the risks identified in the risk factors discussed in the Company's Annual Report on Form 10-K for the year ended December 31, 2021 and other SEC filings, as well as the risks set forth below, as being heightened as a result of the ongoing and numerous adverse impacts of COVID-19. Additional important factors, among others, that may cause the Company's actual results to vary include the general deterioration in national economic conditions, weakening of real estate markets, decreases in the availability of credit, increases in interest rates, adverse changes in the retail industry, the Company's continuing ability to qualify as a REIT and other factors discussed in the Company's reports filed with the SEC. Except as required by law, the Company assumes no obligation to update these forward-looking statements, even if new information becomes available in the future.
